

# MANIFEST DRAWING CENTER

## MATERIALS LISTS

### Intro To Painting

**Instructor:** Dan O'Connor

**Dates:** Wednesdays, 6-9 PM

October 8 - December 3, 2025 (No class November 26)

### Course Description

Ready to explore the rich world of painting from the ground up? Introduction to Painting is a supportive, beginner-level course designed to help you develop foundational skills in this timeless medium. Whether you've never held a brush before or you're returning after a long break, this course will guide you step by step through the essentials: how to set up a palette, mix colors effectively, use different types of brushes, and build a painting through layers. You'll learn to see color relationships clearly, control value and edge, and compose images that feel intentional and complete. Projects are grounded in direct observation, helping you connect what you see with what you put on the canvas. Along the way, you'll get comfortable with the tools and materials of traditional painting while gaining insight into the visual language of painters—color, form, light, and space. This course gives you the skills and confidence needed to continue painting on your own or move into more advanced studies.

### Materials List:

#### Paint

- Titanium white (cool white)
- Lemon yellow (cool yellow)
- Cadmium Yellow Medium (warm yellow)
- Alizarin Crimson Permanent or Quinacridone Red (cool reds)
- Cadmium Red Medium (warm red)
